

Spring MVC Form Tag - Check Box

Check Box - Pick Your Favorite OS

Operating Systems: Linux Mac OS MS Windows

Submit

Spring MVC Tag

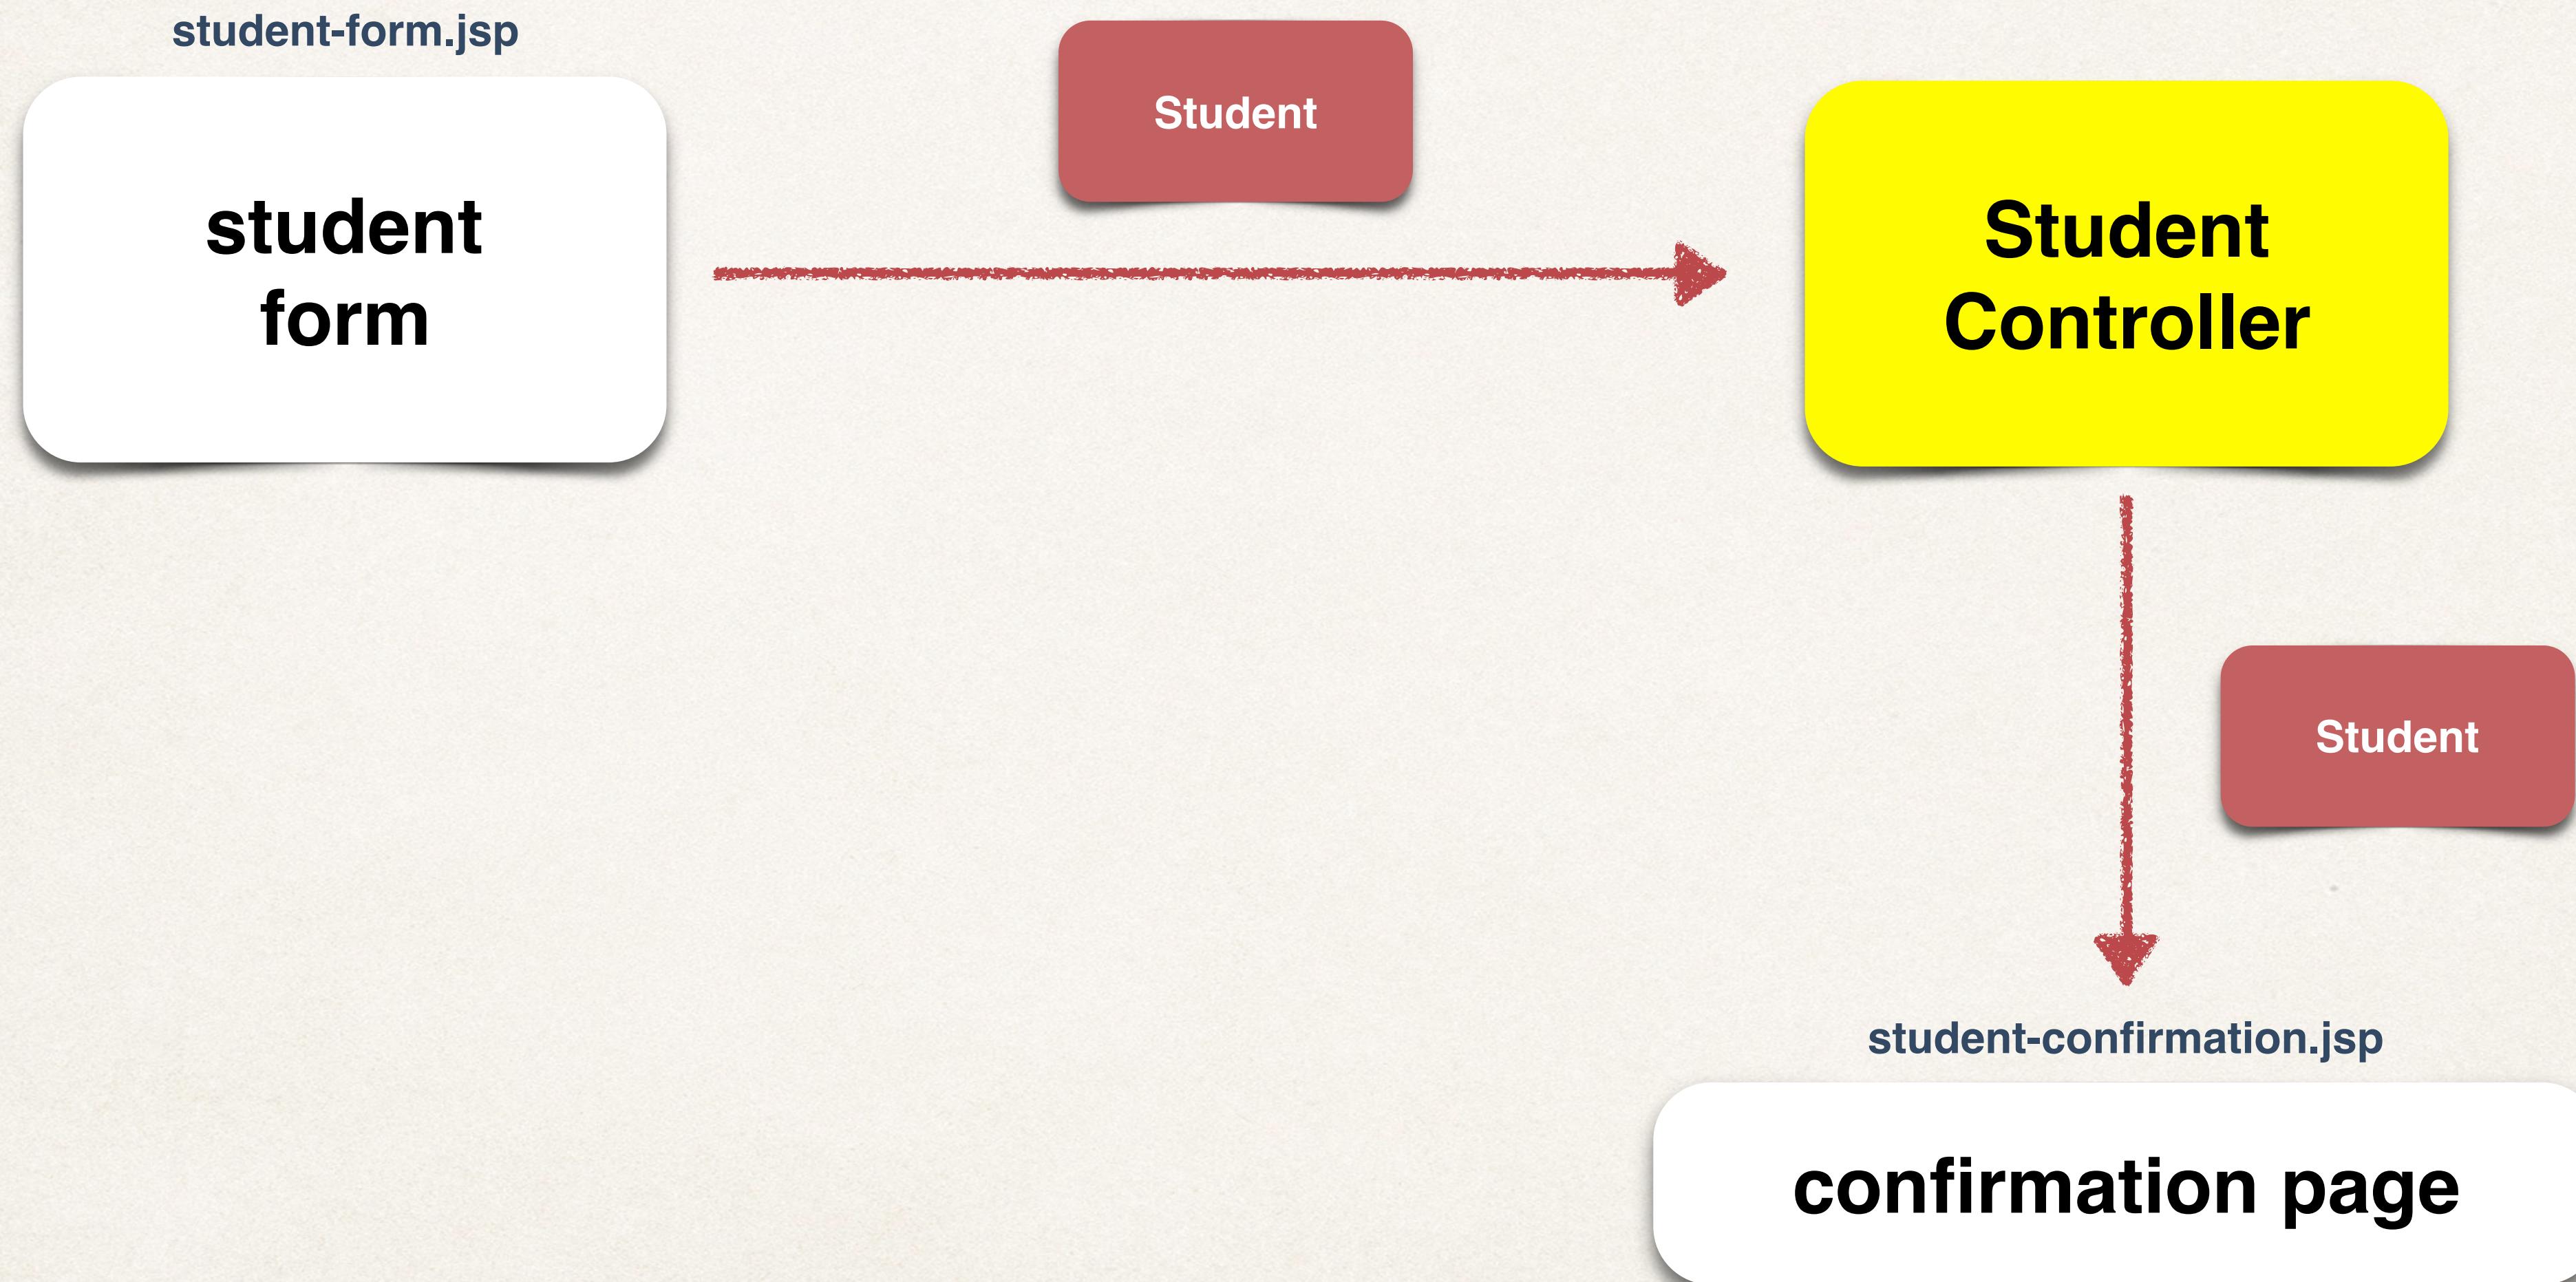

A Check Box is represented by the tag

<form:checkbox>

Code Example

```
Linux <form:checkbox path="operatingSystems" value="Linux" />
Mac OS <form:checkbox path="operatingSystems" value="Mac OS" />
MS Windows <form:checkbox path="operatingSystems"
                           value="MS Windows" />
```

Pulling It All Together

Development Process

Step-By-Step

1. Update HTML form
2. Update Student class - add getter / setter for new property
3. Update confirmation page
